

## PROJECT NEWS

### JOB REQUIREMENT

Insulated Patio cover for outdoor entertaining area

### PROJECT

Residential home in Glenmore Park

### PRODUCT

### DESCRIPTION OF JOB

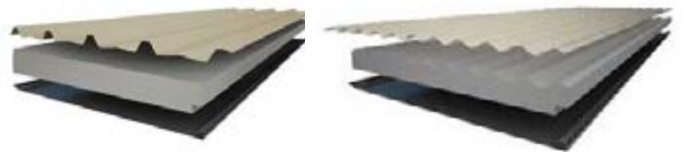

Quick Built Systems Insulspan Insulated outdoor Patio System was chosen for its superior span and insulation qualities. This outdoor entertaining area gets drenched in sunlight and they wanted to make the space useable even in the hottest summers months. The fully insulated roofing panels insulate against the direct sunlight and provide a truly useable outdoor entertaining area.

The long spans ensure that there are no unsightly support beams with a flat ceiling making it very easy to clean.

Contact our qualified estimating team to discuss any projects that could benefit from our Insulspan Insulated Roofing Panels.

Proudly manufactured in Australia by Quick Built Systems.
